Description

This old Majorcan house is located in the emblematic neighbourhood of El Terreno, a very special area of Palma which is also being reformed to become one of the most exclusive neighbourhoods of Palma, next to the Paseo Marítimo, and very close to the centre. It is also within walking distance to numerous restaurants, shops, hotels, and all services such as banks and supermarkets.

The house is spectacular, built at the beginning of the 20th century in modernist style by the prestigious architect Gaspar Bennazar. It stands out for its great hotel potential, as it has a capacity for 22 tourist places and a licence to start operating: it has a restaurant, many rooms, laundry rooms, reception, etc. There are also several lounges, living rooms, covered and uncovered terraces, beautiful gardens and many possibilities, the building is historic, with many details of traditional period architecture. There is also a large adjoining plot of land which is currently used as a car park, but could be used for other purposes such as a new building with more rooms and a swimming pool, etc.

In short, a real urban oasis. An excellent opportunity to acquire a building with a lot of charm in a unique neighbourhood such as El Terreno, to convert it into a hotel or a spectacular mansion just a few steps from the sea and the centre.
